Lesson 10
Acts 9:1-31

This lesson on the conversion of Saul (Paul) is extremely important to our understanding of Paul the Apostle. I know it is repetitious, but read each of the following passages before you answer the questions: Acts 9:1-31, 22:4-16, 26:4-18, and Galatians 1:11-24.

1. Why was Saul on his way to Damascus? What happened to him? How did his agenda and his life drastically change?
2. What two great questions did Saul ask in Acts 9:5 & 22:10? What were the answers? How do both apply to every Christian?
3. What did he do during his 3 days of blindness? What might he have been thinking?
4. Why is Saul's conversion an encouragement to every sinner?
5. Who was Ananias? What lessons do you learn from God's call to him and his reaction to it?
6. What two verses in Chapter 9 summarize God's purposes for Saul's life? From what you know of Paul and his life, how were they fulfilled? In what way do all Christians have a similar call of their lives?
7. Using all of these accounts, try to list the events of Saul's life after his conversion in order. Why was it necessary for him to go to Arabia? How might this apply to you?
8. What opposition did he face and why? Why do you think Saul persevered? Who came alongside to support him in Jerusalem?
